In the discussion at Jonesboro between Col. A. M. Waddell and Neill McKay, Col. A. M., charged that McKay had said if the Radicals succeeded in this election, "hereafter there would be no kitchen and no parlor," McKay denied this, but Col. Waddell produced not the scrtificates only, but the affidavits of four gentlemen of Sampson county, who made outh before the Superior Court Clerk of that county that they had heard McKay use the precise language Waddell charged him with using. The names of the four witnesses who swear that they heard McKay use the expression of "no kitchen and no parlor" are P. H. Murphy, John A. Ashford, T. J. Lee, and Lewis H. Moore. It seems then the Judge was not alarmed, but disregarded the noise and confusion, as if he understood the programme. The report says: "There were many well disposed citizens among the Democrats, who sought to suppress the disorder, and finally the rioters and better class of Democrats began quarrelling among themselves. Clubs, knives and pistols were freely drawn and brandished (but not used,) and the three or four fights among the Democrats were with fists used as weapons." In conclusion, the Radical report says "the disorderly element was squelched, and the speakers were heard without further in-

terruption." Some of our readers will, no doubt, recollect such scenes during the ante-bellum times, at political meetings, when they were generally passed over and very little attention paid to them. But now, for political effect, when the Radical party is driven to the wall, this Caswell County demonstration is heralded forth as Ku Klux issues-More attempts at Intimidation-U. North Carolinians, Hear!

The Washington Patriot, a first class newspaper, published in Washington City, of course having the opportunity of obtaining reliable information, discourseth s follows:

"The administration is greatly exercised about the first important election for State officers, which is to take place in North Carolina on the 1st of August. Large assessments have been ordered on the officeholders, and the National Republican Committee, headed by ex-Senator Morgan of New York, are expected to furnish the sinews of war for carrying on the campaign. Leading speakers will be sent down during the next fortnight to make a horough canvass of the State, and Mr. Boutwell, Secretary of the Treasury, has been engaged to deliver several speeches, State Treasurer, Major J. W. Graham, will in the hope of stemming the current against Grant. It has also been suggested that it would be well enough to be on the election grounds, early and late, and never cease to exercise all due vigilance, until the polls are closed, and the votes all counted. We presume, good, honest, fair dealing Republicans and Conservatives will not object to using all precaution in order that there may be no cause for complaint after

Their per diem and mileage amounted to \$430,644.60; they sat 55 days in the first parts of their sessions without passing a single Act!! In March, 1870, they were still taking \$7 per diem. In November, 1870, the Conservative Legislature met. The Conservatives were largely in favor of three and four dollars per diem, but Gov. Caldwell and the radicals in the Senate, and Hargrove and Philips and all the radicals in the House except two, wanted \$5, and 22 Conservatives voted with them, they were enabled to fix the per diem at \$5 against the wishes of a large majority of Conservatives. The radicals are responsible for this high per diem, but notwithstanding their action the Conservative Legislature cost the State only \$199,-188.37—OR LESS THAN ONE HALF WHAT THE REPUBLICAN LEGISLATURE COST—there being a difference in this item of \$231,456.23 in favor of the Conservative Legislature. In addition to their own high per diem, the Republican Legislature employed 36 clerks and pages at a cost to the State of \$11,070.60 for the session of 1868-'69, and 40 clerks and pages at the session of 1869 and 1870 at a cost of \$21,294, besides paying for stationery for one Committee \$4,250 The public printing was also handled for political capital. Graham and Hughes were the eloquent speakers on the occasion, and held the large concourse of people assembled, spell-bound for some four hours. The showing up of the misrule, extravagance and corruption of the Radical party, was truly astonishing to a large number of those present, if we may judge from their countenances and the strict attention paid to the speakers. All the people need is light and information, as to the true state of public affairs, and all will vet be well.

Maj. John W. Graham, of Orange, the candidate for State Treasurer, spoke first, and his statement of facts and figures, showing the beauties of Radical rule, illustrated with humorous anecdotes, had a very happy effect. Mr. Graham is an eloquent speaker, his manner is forcible and convincing, and we are sure his effort was properly appreciated, and will tell on the day of election. His allusion to the Forsyth County tax was a "sockdolager." He made his escape, singularly enough, from the same cell, in the same manner, and through the same place, that Jacob Siewers escaped some time since. The aperture made in the ceiling of the cell, previously, had been closed but was reopened by Jones, and the hole made in the outside Jail wall through which Jones descended, had not been closed up.

HARPER'S MAGAZINE for July lays be fore its numerous readers a rich treasury of important, entertaining, and seasonable reading. The number opens with a very amusing narrative, by Miss Constance F. Woolson, of a journey "In Search of the Picturesque," illustrated by Sol. Etying. Miss Woolson also contributes a beautiful poem, "Off Thunder Bay, a legend of Lake Huron, 1772." Other interesting articles fill up the measure of good things. \$4 a year. Harper & Brothers, Franklin Square, New York.

The West Point Military Academy and its surroundings are profusely and beautifully illustrated in SCRIBNER's for July, the historical and descriptive text being supplied by Benson J. Lossing. This article appears just at the time that public attention is attracted to the Academy .-Another timely paper is that on "Woman as a smuggler and Woman as a detective," in which one of the most curious and sugtenant Governor, next entertained the gestive branches of the Custom House system is fully exposed. STATE ITEMS.

The sultry Summer month of July is at hand, and if the fervor of old Sol's glances during Internal Revenue of Raleigh, was knocked from his buggy a few days since in Nash county, by lightning and received painful temporary injury from both the shock and fall. The lightning struck a tree near him; his horse was knocked down, the buggy upset and broken, throwing him underneath in which he received the inju-

While two young men were ploughing near Baon Hill last Monday evening, a storm came up, when they sought shelter. The lightning struck a tree near by, killing one horse, stunning the other, and seriously stunning the two men. They have been under medical treatment ever since and are improving.

The Wilmington Star says: A white woman by the name of Fields, while engaged in ploughing iu a plantation near Brown Morsh, Bladen county, one day last week, was struck by lightning, and instantly killed. She was a married lady. The ox to which the plow was attached was also killed by the same stroke.

During the storm in Newbern on Sunday week, a goose was struck and killed by lightning. The Times says: "How about the theory that feathers are a profoot, at the town meeting held on Thurs-day evening last, for raising a fund to a feather bed during a thunder storm,

There were six colored Bishops present, viz., Brooks and Clinton of Philadelphia, Tolbert and Jones of Washington D. C., Logan of Syracuse, N. Y., and Moore of North Carolina. All the State Conferences were represented, including California.

The lightning struck a dwelling at Moss Neck, on Sunday night, shattering windows and one end of the house. No one was hurt, although a woman and several children were in the house.

The Wilmington Star says there are three gamblers who make a practice of running on the train between Weldon and Petersburg and playing with the unsuspecting three card monte. Mr. J. L. Dickens, formerly a resident of

Edgecombe, was brutally murdered at Bainbridge, Ga., May 30th, by a desperado named Carter. The village of Rockfish, situated some

the present term of Burke Superior Court of the killing of Sidney Cook. A religious revival has commenced in the Baptist Church at Goldsboro. The

meetings are continued nightly. It is said that Durham's has a shoe blacking factory at which they manufacture an article equal to Mason's best.

Asheville has voted the "Dry" ticket, prohibiting the issuing of licenses to retail spirituous liquors within its limits. Fourteen rattlesnakes in one day were killed by Mr. A. B. Long, Jr., last week, in Rutherford county, and it was not a

The way they do things in Washington is illustrated by the fact that there are now in store \$12,000,000 worth of army clothing, the care of which costs \$150,000 per year. There are rubber blankets enough on hand to supply all prospective demands for 130 years to come; rubber pouches and artillery jackets for 80 years, sioners, R. C. Poindexter, Samuel May, and blouses for 40 years. These contracts were given out to favorites, and show the way the debt grew up, and the motive of it. Already the Government has received \$135,000,000 for war material sold, and here is a chance for at least \$14,000,000 in Quartermaster's stores alone. The outrage of paying \$150,000 a year to take care of army stores needs no comment. Who would'nt be a favorite?—Lunchburg Republican.

"Supposes" for the Children.

Suppose, my little lady,
Your doll should break her head,
Could you make it whole by crying
Till your eyes and nose are red?
And wouldn't it be pleasanter
To treat it as a joke;
And say you're glad "Twas Dolly's,
"And not your head that broke?"

Suppose you're dressed for walking, And the rain comes pouring down,

Will it clear off any sooner Because you scold and frown And wouldn't it be nicer For you to smile than pout, And so make sunshine in the house

When there is none without? Suppose your task, my little man, Is very hard to get, Will it make it any easier For you to sit and fret? And wouldn't it be wiser

And learn the thing at once? Suppose that some boys have a horse, And some a coach and pair, Will it tire you less while walking

Than waiting like a dunce, To go to work in earnest

To say "it isn't fair?"

And wouldn't it be nobler To keep your temper sweet, And in your heart be thankful You can walk unon your feet?

And suppose the world don't please you, Nor the way some people do, Do you think the whole creation

Will be altered just for you? And isn't it, my boy or girl,

The wisest, brayest plan, Whatever comes, or doesn't oome, To do the best you can?

New Marriage Law.

For the benefit of those who contemplate matrimony, we give the following information concerning the new marriage law which goes into effect next month:

Upon application for license the following questions will be propounded by the Register of Deeds: Name of person applying for license; name of man to be in full; residence; age; white or colored; father of man to be married; mother of man to be married; living or dead; if known, if not, state unknown; name of woman to be married in full; residence; age; white or colored; father's name; mother's name, living or dead; residence, if known, if not, state unknown.

If both parties should be under 18 years of age, the written consent of the parents or guardians must be filed with the register of Deeds. Section 5 of the act reads

"Every Register of Deeds shall upon application, issue the license of any two persons: Provided it shall appear probable that there is no legal impediment to such marriage: Provided nevertheless, that when either of the parties to the proposed marriage shall be under 18 years of age, and shall reside with the father, or mother, or uncle, or aunt, or brother, or elder sister, or shall reside at a school, or be an orphan and reside with a guardian, the Register shall not issue a license for such marriage until the consent in writing of the relations with whom such infant resides or if he or she resides at a school, or if the person by whom such infant was placed at school, and under whose custody and control he or she is, shall be delivered to him, and such written consent shall be filed by the Register."

The law also requires that the minister's certificate shall be signed by one or more witnesses present at the marriage, and a penalty of \$200 is imposed on the minister failing to return the license and certificate, duly filed and signed, to the Register within two months after the ceremony .- Sentinel.

A colored fisherman was crossing the Mississippi, at Little Rock, one stormy night, recently, with his young Child with him in the boat. When in the middle of the river the water began to dash over the sides of the low punt, and it was evident that the craft would sink in a moment, unless relieved of some of its load. Putting his child securely in the middle of the oraft, the father jumped into the river, was washed away and drowned. A party from the bank went to the rescue, and re-covered the boat and child, but the man was never seen afterwards.

MORAVIAN MALE ACADEMY

ON TUESDAY, APRIL 16th, 1872, a new School for boys and young men, the "MORAVIAN MALE ACADEMY," will open at Salem, N. C. This Moravian Church Institution is principally designed for the education of the sons of members of the Moravian Church, but the sons of other persons, not members, desirous of availing themselves of the advantages it offers, will be admitted. The institution will be conducted on the same principles which have obtained for the Moravian Schools the reputation they enjoy for thorough instruction and careful moral training. A gentleman of large experience in teaching, the Rev. R. P. LINEBACK, late of Friedberg, N. C., has been appointed Principal.

The year is divided into two sessions of 5 months each. Scholars will be received at any time, but none under 8 years of age can be admitted. Board in private families can be obtained on reasonable terms.
